**CHILD.UA**

Association of International and All-Ukrainian  
Non-governmental Organizations

## OUR AIM IS TO RAISE IN UKRAINE STANDARDS OF CHILDREN'S RIGHTS PROTECTION UP TO THE LEVEL OF THE UN CONVENTION GUIDELINES

 **30**  
charity events  
per year

 **200**  
involved  
volunteers

 **3000**  
children receive  
support annually

CHILD.UA unites international and Ukrainian charity and public organizations helping vulnerable children.

The organization supports projects of Association members' and implements its own programs. We aim our activities at socialization and psychological rehabilitation of children, their cultural and creative development, as well as humanitarian assistance.

We help children deprived of parental care, children from foster families, state boarding schools and family-type orphanages, as well as internally displaced children, giving them opportunities and skills to create a better future.

Partners of the Association are leading companies and media, as well as international organizations and patrons from different countries.

## FOLLOW YOUR DREAM

Since 2007, the International Charity Festival supports creatively gifted children who are brought up in orphanages and state boarding schools, who are deprived of parental care. Project tutors are famous Ukrainian actors, musicians and vocalists who help children to believe in themselves and fulfill their dream – to perform on the big stage together with their idols. Over 12 years, more than 5000 children took part in the professional casting and festival. The festival opens the doors to better future for participants. Many of them build a successful career in the creative field.

**Development and self-realization through creativity for children and youth**

## GALAXY CAMP

The first in Ukraine innovative inclusive creative camp, which uses innovative methods of social and psychological rehabilitation of vulnerable children. Pupils of orphanages and state boarding schools take part in the camp, as well as children from ordinary families, and children with hearing impairments. The project creates a friendly and very creative environment where children do not feel their differences. The participants are supported by experienced psychologists and teachers, as well as professional actors, athletes, musicians, vocalists and choreographers.

**Socialization and psychological rehabilitation of children**

## AUTISM AWARENESS UKRAINE

The program of the Association CHILD.UA "Autism Ukraine" is aimed to create a benevolent environment towards for people with autism spectrum disorders. An information resource AUTISM.UA is created to support parents and professionals working with children with autism spectrum disorders (ASD). The web portal contains useful materials and news, search for specialized services, free expert advice and testing. Social advertising campaigns, thematic media projects, and educational events for teachers, parents, and public institutions representatives.

**Formation of an autism friendly environment in Ukraine**
